Reusing Computers, Transforming Lives

- ✓ Do you have a disability or long term health condition?
- ✓ Does this make it difficult or impossible to use a publicly available computer (eg in a library)?
- ✓ Would having your own computer at home make a significant difference to your quality of life?
- ✓ Do you live in the EH postcode area?

If so, call us at Pass IT On **0131 476 1645**
to find out how we can help you.

Pass IT On is a local charity. We refurbish and adapt donated computers and provide them free of charge to people who, due to a disability or long-term health condition, find it difficult or impossible to access publicly available computers.
