Pass IT On is an Edinburgh charity, set up in 2002, operating throughout the EH postcode area. We refurbish donated computers and provide them free of charge to people who, due to a disability or long-term health condition, cannot access publicly available computers. Our sales of refurbished PCs help us fund this work - and help save the environment.

Anyone or any organisation can buy and collect a refurbished computer from us. Unfortunately we aren't able to deliver.
